Parent/ Guardian Signature (must sign if student is under 18): _____ Date: ____/____/____

American Welding Academy Signature: (AWA staff use only) _____ Date: ____/____/____

Cancellation and Refund Policy

Upon signing the enrollment agreement and/or making an initial tuition payment, your enrollment may be canceled at any time prior to the first day of training. For a full tuition refund, a written notice must be submitted and received by American Welding Academy no less than 5 business days prior to the first day of training.

Once a student has attended the first day of training, any student withdrawal will require a written statement from the withdrawing student explaining the reason for program withdrawal and must include the student's signature. Any student of minor age who withdraws from a program must provide notice of termination by a guarantor. Once training has begun and student withdrawal occurs, the student will receive a tuition refund as is described below:

Percentage of Course Completion	Percentage of Tuition to be Refunded
Less than 10%	75%
10% to 24%	50%
25% to 50%	25%
51% or more	NO REFUND AVAILABLE

*Calculations for percentage of course completion is determined based upon dividing the number of student completed course hours, prior to withdrawal date, by the length of the course expressed in course hours. Withdrawal date is the last day of school attendance.

Once training has begun, there will be NO refunds made for welding gear, tools, welding textbook/manual, metal or supplies. The \$100 registration fee is non-refundable after 3 business days.

All refunds will be made within 90 days of the date of termination, withdrawal or cancellation.

Please visit our student handbook on page. 14 for the refund policy on VA Benefits.
